WHO ARE WE? MAPPING THE IDENTITY OF THE RUN-EU-er

4.OCT-11.NOV.2022

+INFO: www.run-eu.eu

Organised by: Polytechnic of Leiria, HAMK, TUS, SZE, FHV

SAP OVERVIEW

This SAP aims to develop students' intercultural skills to enable them to operate within several cultures at the same time. By promoting multiculturalism and multilingualism among the alliance regions, supported by student mobility, innovative pedagogies and blended learning activities, the programme also aims to contribute to societal needs and lifelong learning. In this context, students will:
– explore their own culture and learn about other cultures
– characterise the ideal RUN-EU-er
– develop a critical cultural awareness of their immediate, regional, and global environments (eg RUN-EU)
– develop cross-communication skills when exchanging ideas with others from different backgrounds
– "taste" the languages of RUN-EU by participating in a language taster session.

LEARNING OUTCOMES

At the end of this RUN-EU SAP, you will be able to:
· demonstrate an understanding of what cultures are, how they work, and develop an awareness of their own cultural identity
· manage your learning in a reflective manner
· collaborate with others to achieve a common goal
· interact with people from different cultures, comparing diverse linguistic/cultural features
· discuss cultural diversity to begin to recognise cultural proximity or distance
· think creatively (generate new ideas, evaluate and select the most appropriate for a given product)
· demonstrate sensitivity towards your and other languages/cultures and become aware of linguistic/cultural decentring (shift focus from own to other cultures/languages).
