

SAP CHALLENGE FOR STAFF RUN-EU PATH

15-19.MAY.2023

SAP OVERVIEW

RUN-EU is an alliance of higher education institutions drawn from all regions of Europe. The EU and RUN-EU both aim to foster common understanding, further development, and trust amongst its members. This brings with it certain challenges. This SAP will help prepare staff for those challenges by addressing questions such as: What is this world of RUN-EU? What does it mean to promote a European University that embodies the values of sustainability, multiculturalism, and inclusiveness in all its work? How can I navigate my way through it? How can I operate and work effectively in such a multicultural and multilingual context among the alliance regions?

The aim of this SAP is to develop staff awareness among RUN-EU that contributes to its mission, aims, and goals. Supported by mobility, innovative pedagogies and blended learning activities, the programme also aims to contribute to societal needs, lifelong learning, and training in work environment.

LEARNING OUTCOMES

During the SAP the students will be able to:

- Demonstrate an understanding of what cultures are, how they work, and develop an awareness of their own cultural identity
- Collaborate with others to achieve a common goal
- Interact with people from different cultures, comparing diverse linguistic/cultural features
- Discuss cultural diversity to begin to recognise cultural proximity or distance
- Think actively on pedagogical innovation

How does knowledge about others' culture shape our intercultural skills as well as the identity of the RUN-EU-er?

🕒 9h30-11h00

👤 Júlia Szőke (SZE)

📄 Staff members will be given a short theoretical introduction to intercultural skills. Then, staff members in groups exchange ideas about their knowledge related to the others' culture, and then compare these with ideas of the given culture's representative(s). Staff members also share stereotypes about the others' cultures and from their own culture and discuss their experiences related to these as well as their validity.

Celebrating the values of Europe through its arts and cultures

🕒 11h30-12h30

👤 Sandrina Milhano (IPL)

📄 Staff members will exchange, in groups, ideas and traditions on different forms of art, music, and literature that reflect their regional, national, and European values. Then, staff members will share a dance, a song, or a poem drawn from their own culture and explore it with the whole group. Based on these sharing and exploration, staff members will try to reflect on the values of Europe expressed through the shared artistic and cultural experiences.
