

# YOUTH EXCHANGE SCHOOL THE ANALOG STRIKES BACK

23-27.OCT.2023

## YES OVERVIEW

*'Wait a minute, Doc. are you telling me you built a time machine... Out of a DeLorean?' Marty McFly, Back to the Future*

In this YES programme, students will be taken to a distant moment in space-time. They will confront a new reality that immerses them in an analog-dominated environment.

Students will explore the field of analog tools and techniques, venturing into the multi-dimensional essence of physical objects. Weight, texture, shape, and volume will guide this process, transcending the one-dimensional constraints of the digital domain.

Above all, this adventure aims to foster creativity, authenticity, and originality. Students will be actively encouraged to engage in hands-on experimentation, embrace new mindsets, and step out of their comfort zones through the connections and intersections of analog processes.
