

## AGREEMENT ON DOUBLE DEGREE PROGRAMME

*Between FHV - Vorarlberg University of Applied Sciences (FHV) and Häme University of Applied Sciences (HAMK) concerning the degree programme in InterMedia (FHV) and the degree programme in Smart and Sustainable Design (HAMK)*

*Valid as of June 2023*

## Introduction

The universities FHV - Vorarlberg University of Applied Sciences (FHV) and Häme University of Applied Sciences (HAMK) agree to launch a Double Degree Programme in the field of Design. Within this RUN-EU Double Degree Programme, the students from FHV and HAMK complete a Double Degree Programme at both universities in the following degree programmes:

*Bachelor of Arts in Arts and Design (BA) in degree programme in InterMedia, 180 ECTS, FHV - Vorarlberg University of Applied Sciences*  
and  
*Bachelor of Culture and Arts in degree programme in Smart and Sustainable Design, 240 ECTS, Häme University of Applied Sciences*

By signing this agreement, the above-mentioned institutions agree to issue national degree diplomas for students fulfilling the conditions set forth in this agreement.

## Management and Coordination of the Double Degree Programme

The partner universities will manage and coordinate the Double Degree Programme. For this purpose, each university will nominate a contact person responsible for the DD Programme. It is expected that the person is or reports to the Head or the Director of the Degree Programme. The Appendix I on programme structure and the modules is validated yearly by the assigned person responsible for the DD Programme.

The partner universities commit to implement regular evaluation according to the RUN-EU guidelines.

## Number of Students

A maximum of 4 students per institution is accepted. In case of a higher number of applicants both partners will decide if more students can be accepted.

## Programme Language

All study courses are taught in English. The applicants must have an English proficiency equivalent to level B2 or higher of CEFR (Common European Framework of Reference for Languages). This must be proven by a language test, e.g., TOEFL, IELTS, Cambridge ESOL, CEFR or equivalent. As an equivalent, a certificate from the university's English language teacher is also acceptable.

Proof of English proficiency is also considered fulfilled if the applicant obtained their qualification for university entrance in English, and/or has completed a first academic degree in English, and/or speaks English as a native language.

In order to promote multilingualism and cultural diversity among the participating students, when possible, additional course offerings (for example language courses and courses in the national language, RUN-EU Short Advanced Programmes) should be offered to the Double Degree Programme participants. The additional course offerings are listed in the Annex.

## Tuition Fees and Other Charges

The RUN-EU double degree programme students will be subject to the normal regulations of the host institution. When applicable, the students pay the tuition fees to their home institution during the double degree studies period in the host institution. Since the students remain enrolled at their home institution, in addition to the normal tuition fee, the following administrative or service fees apply:

### **FHV students at HAMK are required to pay**

- Finnish Student Health Services fee (only if the student does not have a valid European Health Insurance Card).

### **HAMK students at FHV are required to pay**

- Finnish Student Health Services fee
- Membership fees for the Österreichische HochschülerInnenschaft (Austrian National Union of Students). Currently this fee is 21,20 Euros per semester.

Besides the fees listed above, there will be no other charges between the institutions due to these arrangements. Students are themselves responsible to cover their own living and accommodation costs.

## Student Application, Prerequisites and Selection

Students will submit their applications for Double Degree Programme according to the instructions of their home institutions. The home institution nominates the students to the host institution. The host institution provides relevant information regarding the application process.

Required application documents:

- Transcript of Records (ToR)
- Motivation letter
- Learning Agreement

To fulfil the application requirements, the applicants must have an adequate study performance at the home university and must fulfil the required language skills. To be able to start the time at the host institution, the applicants must have successfully passed all studies corresponding to the curricula at their home university as follows:

- FHV (Option 1): 90 ECTS (semester 1-3)
- FHV (Option 2) 120 ECTS (semester 1-4)
- HAMK (Option 1): 90 ECTS (semester 1-3)
- HAMK (Option2): 120 ECTS (semester 1-4)

The selection is made by the Head or the Director of the Degree Programme of the home university, based on the application documents.

## Enrolment and Registration

**Home University:** Students remain enrolled at their home institution during their study at the host university and they must re-register independently each semester at the home institution.

**Host University:** Students will be enrolled at the host university during their stay and will be subject to the normal regulations of the institution. Students must independently enrol themselves as present for host university till their graduation.

Students in the Double Degree Programme must take out compulsory insurance (health insurance, liability insurance) in accordance with the laws and regulations in force in the country where they are staying.

## Double Degree Programme Structure

The degree programme structures of the degree programmes in the scope of Double Degree Programme as determined in this agreement are described in Appendix 1. Appendix 1 is reviewed and updated when necessary each academic year by the contact person responsible for the DD Programme.

Depending on the national and the institutional requirements, the students are required to study **two** semesters at the host university and meet the academic criteria.

Failed exams can be repeated in accordance with the examination and study regulations applicable at the respective university.

HAMK students have the right to redo failed exam at FHV in following semester after double degree academic year has been completed.

FHV students have the right to redo failed assignments and/or exams at HAMK in the following semester.

In order to obtain the Bachelor of Arts in Arts and Design (BA) degree from Vorarlberg University of Applied Sciences, **HAMK students** must

- Obtain 180 ECTS credits from HAMK and 60 ECTS credits from FHV = 240 ECTS, including
  - writing a thesis (15 ECTS) at HAMK,
    - The thesis needs to be written in English.
    - The thesis will be supervised and graded by HAMK and FHV.
  - The final examination / thesis presentation will be jointly assessed and graded by HAMK and FHV.

In order to get the Bachelor of Culture and Arts degree from Häme University of Applied Sciences, **FHV students** must

- Obtain 180 ECTS credits from FHV and 60 ECTS from HAMK = 240 ECTS, including
  - writing a thesis (15 ECTS) at FHV,
    - The thesis needs to be written in English.
    - The thesis will be supervised and graded by FHV and HAMK.
  - The final examination / thesis presentation will be jointly assessed and graded by HAMK and FHV.

## Completed Degree

Final degrees will be awarded after the completion of the required prerequisites at each institution. The home institution will award the degree first, only then will the host institution award their degree. The degrees do not have to be awarded at the same time; it is possible to graduate from the home university a year before graduating from the host university.

Each university will issue a diploma based on the forwarded transcript of records from the home institution added by the courses passed at the host institution, showing that the student has passed all required courses. At the end the students will have two degrees. The titles of degrees are:

FHV: Bachelor of Arts in Degree Programme InterMedia

HAMK: Bachelor of Culture and Arts in Degree Programme Smart and Sustainable Design

Upon graduation, the student will receive the Degree Certificates, Transcripts of Records (includes the recognition of the studies undertaken) and Diploma Supplements (includes the information of the Double Degree Programme). In addition, in the case of Austria, the Bridging Document.

## Applicable Law and Settlement of Disputes

In the event of difficulties in interpreting or implementing the agreement, the institutions concerned shall endeavour to settle their dispute amicably. The legal remedy should be the last resort after all other remedies have been exhausted. In this case, the litigation shall take place at the defendant's place of jurisdiction.

Students are required to comply with local regulations. In case of a complaint, the conflict between the university concerned and the student will be resolved in accordance with local regulations.

## Data Protection

The parties process the data required for the processing and execution of the stay abroad in compliance with the data protection regulations, in particular the EU General Data Protection Regulation (GDPR) and the data protection laws based thereon. The respective partners themselves are responsible for the data protection lawfulness of the processing of personal data and the fulfilment of the associated obligations.

## Duration and Termination of the Double Degree Programme

This agreement shall enter into force upon its signature and shall initially apply for 3 years from the date of its entry into force. After the expiry of this period of 3 years, the agreement shall continue in 3 year periods, if not terminated. The agreement can be amended by written amendments signed by both universities.

Any institution may request termination of the contract, but only if the partners are informed in writing of the decision within six months.

If this agreement is terminated, the participating institutions shall ensure that students who have already begun their studies at the time of termination of the agreement can complete them in accordance with the provisions of this agreement.

## Agreement Appendix

The Appendix 1 is reviewed and updated when necessary each academic year by the contact person responsible for the DD Programme.

Degree Programme Structure for HAMK students attending the DDP with FHV

The list is subject to regular changes, thus the course choice needs to be aligned with the Guidance Counsellor of the degree programme at HAMK.

## Degree Programme Structure for FHV students attending the DDP with HAMK

The list is subject to regular changes, thus the course choice needs to be aligned with the Guidance Counsellor of the degree programme at HAMK.

HAMK offers FHV students two different study paths: project work or material based studies. For material based studies it is recommended to start studies in HAMK in Autumn (option 2). For material based studies students can choose either Glass and Ceramics or Fashion (Apparel and Footwear) as their majors.

In order to promote multilingualism and cultural diversity among the participating students, when possible, additional course offerings (for example language courses and courses in the national language, RUN-EU Short Advanced Programmes) should be offered for the Double Degree Programme participants.

**Optional course offer for promoting multilingualism and cultural diversity (if available)**

- **FHV** Language course offer in the national language German
  - German Basic = 3 ECTS
  - German Intermediate = 3 ECTS
- **FHV** Participation in courses in the national language (if linguistically suitable): not applicable
- **FHV** Participation in RUN-EU Short Advance Programmes (SAPs): Depending on the offer – needs to get decided individually.

- **HAMK** Language course offer in the national language Finnish if students start their studies in August
  - Finnish language courses 1 2 ECTS
  - Finnish language course 2 = 3 ECTS
  - Finnish language course 3 = 3 ECTS
  - Finnish language course 4 = 3 ECTS
  
- **HAMK:** Participation in courses in the national language (if linguistically suitable): not applicable
  
- **HAMK:** Participation in RUN-EU Short Advance Programmes (SAPs): Depending on the offer – needs to get decided individually.

The Transcript of Records is produced in the valid grading system of the respective institution. The conversion necessary to produce the diplomas is carried out by the study secretariats or examination offices of the respective degree program at both institutions. Students are responsible for sending the required Transcript of Records to the relevant study secretariats and examination offices.

#### Failure to Pass an Examination

The student regulations of the institute at which the student is studying at the moment apply.

### Information and services for Double Degree Programme students

The universities FHV and HAMK provide up-to-date information and support for the double degree students in relation to their DD studies. The information for the double degree students is available as follows:
