UNLOCK YOUR RESEARCH POTENTIAL

SHAPE YOUR ACADEMIC FUTURE AND
MASTER THE HOT SKILLS IN RESEARCH

8.APR.2024 - 16.DEC.2025

Face-to-Face Week: FHV, Austria 15-19 September 2025

Are you passionate about diving deep into research, but unsure if it's the right career choice? Discover a 9-month programme designed to guide and inspire you. Whether you're curious if research is your ideal career path, or eager to sharpen your skills and make an impact, this is your opportunity to gain the skills, network, and clarity to thrive in the world of research.

WHO IS THIS FOR?

This programme is for research-interested late-stage B.Sc. students, M.Sc. students, or early-stage researchers in their first year.

WHAT YOU'LL LEARN?

Research & Development

Boost your collaborative skills and research strategies while mastering time management to effectively design your academic career path.

Elevated Communication

Harness the power of storytelling and refine your presentation skills to captivate and inspire any audience.

Personal Growth

Develop the confidence and self-management skills to thrive in your academic journey and navigate any situation with ease.

THE PROGRAMME STRUCTURE

Duration: 9 months

Format: Online, with 1 Live Week of in-person workshops and networking

Your Project, Our Guidance: Work on your research project with mentor support to bring it to life!
